ELECTION NEWS.

DEMOCRATIC GOVERNOR AND LEG-ISLATURE ELECTED IN OHIO.

Washington, October 16.—A Democratic Legislature for Ohio is conceded. Allen's election is highly probable.

Allen entered the canvass as a pure Democrat with no entangling alliances.

The press of Philadelphia estimates Gordon's majority for Supreme Judge at 18,000.

New York, October 16.—The Democrats of the Sixth District nominated Senator Cox for Congress.

or the sixth District nominated Senator Coxfor Congress.

DES MOTRES, IOWA, October 16.—The majority has been reduced from 25,000 to 16,000. Indications are that the Democrats and Anti-Monopolists have a majority in the House. The Republicans have a large majority in the Senate.

Senate.

CINCINATI, October 16.—Returns from Hamilton county gives Noyes 18,320; Allen 13,383; Collins 3,700, with the 19th Ward and one county precinct to be heard from. The 19th Ward last year gave a Democratic majority of 673, and the precinct to be heard from, gave a Republican majority of 101.

Appearances are in favor of Allen's election.

THE CALIFORNIA BLECTION. San Francisco, October 16.—The judicial election throughout the State was quiet. A small vote was cast, and it is believed that McKinstry, independent candidate for the Supreme Court, is elected.

The latest reports from Memphis are disheartening, a larger number of new cases being reported than on any previous day.

The Howards have nearly two hundred nurses mployed, and the Odd Fellows, forty-day.

Special to the Classical Amount of the Post Office Department.

The Howards have nearly two hundred nurses employed, and the Odd Fellows, forty-eight. The daily expenses are very heavy, and the contributions are absorbed as fast as they come in. Fifty of the recently-made or phans, in charge of the Sisters of St. Mary, were temporarily without food on Tuesday. Let us not weary in well-doing.

A special telegram to The Constitution announces the fact that it has been determined, notwithstanding the stringency of the times and the effects of the financial crisis, that the fourth annual fair of the South Georgia Agricultural and Mechanical Association be held, commencing on Tuesday, the The Howards have nearly two hundred nurses employed, and the Odd Fellows, forty eight. The daily expenses are very heavy, and the

receipts a little less than twenty-three milliona. The actual expenditures were a million and a half in excess of the estimate, while the actual receipts elightly exceeded the estimates. The estimated deficiency was 4,700,000, but, even with the unexpected expenditures, the whole deficiency is only a few hundred thousand greater, being about five millions.

Reports from the office of the several assection will heartily co-operate.

It is a matter of congratulation among the people of Georgia that the depression of the times does not discourage them in the good work of promoting the prosperity and advancement of our agricultural and mechanical interests. It is this honorable nirally in the products of the fields and our workshops that is to do a vast deal in the material progress of our State.

The Constitution heartily congratulates the good people of South Georgia in thus determining to hold their annual fair in the midst of a crisis that would seem to discourage similar affairs of more pretentious proportions.

IN MEMPHIS. EFTING OF THE UNITED STATE SENATE TRANSPORTATION

COMMITTEE.

NEW YORK, October 16.—The Transportation Committee of the United States Senate met at the Fifth Avenue Hotel to-day, Senators Windham, presiding. Carlos Cobb. ste met at the Fifth Avenue Hotel to-day, Senstori Windham, presiding. Carlos Cobb, of Memphis, made a statement touching the transfer of grain at New York. The present storage capacity fr the grain of New York was, he said, about 13, 000,000 bushels—about twice as great as ever required. Storage rates ary not as excessive, as has been alleged, for wheat and corn. The charge is 51-3 cents per bushel for the first ten days, and j cent for each subsequent ten days. In Western cities the charge is two cents for the first twenty days, and two cents for each ten days thereafter. Much information regarding lighterage, cartige and overcharges was elicited.

Eufsula Times: On one acre of poor, sandy land near this city, Judge F. M. Wood has made a most remarkable yield this year. On it he sowed oats in January, from which he gathered 4,606 cwt. in the sheaf, which, at he gathered 4,600 cwt. in the sheaf, which, at \$1 50 per cwt., netted \$69 09. In June he planted corn, and in time sewed peas; from which he gathered 14 3-4 bushels of corn, which, at \$1 00 per bushel, realized \$14 75, 486 lbs. fodder, which, at \$1 00 per cwt., makes \$4 86, and \$4 bushels peas at \$1 50 per bushel, making \$13 02; the aggregate for the acre being \$102 72, on which the only manure used was eighty bushels of cotton seed. These crops have all been harvested and the land is now sowed in rye for winter pasturage. This is no guess work, but the result of actual measurement. Who can beat it, North, South, East and West?

In Montgomery there was one yellow fever interment on the 12th; one on the 13th; three on the 14th; and the Board of Health report three yellow fever deaths on the 15th. The last named deaths were John T. Tisdale, Francis Widmer and Thora Hanson. Mr. Widmer was doing very well. On Tuesday he took a cold bath with the result above stated.

from actual starvation. Any contributions given to the Mayor or pastors of any of the churches will be properly applied. Mr. Morgan Gimer, of Gilmer's Station, Mobile and Montgomery Railrod, sent to this office, yesterday, two barrels of meal for the needy, which were turned over to the city authorities. The absence of so many people from the city, and the general depression in business of all sorts, has developed an amount of suffering which those away could hardly dream of, and we most cordially approve of the Mayor's call for money and provisions with which to supply their wants.

President Grant on the Situation

NEW YORK, October 14.-Wall street has NEW YORK, October 14.—Wall street has seen the bluest time to day ever known, so far as the Stock Exchange was concerned; and prices have been allowed to fall below the lowest points touched in any of the panics of the past ten years. The decline is attributed to various causes. Some held that the depression was due to the order of Judge Blatchford yesterday, in relation to the bankruptcy of Geo. Bird, Grinnell & Co., and said that until the injustion a removed no one on the street could tell how soon the market might be flooded with stock, and so long as it continues brokers will be soon the market might be flooded with stock, and so long as it continues brokers will be unable to borrow money. Others explained the heavy tumble by the fact that a large amount of stocks carried on margins had been sold, and in consequence, holders were unable to put up any more collaterals. It is said Vanderbilt has been a free seller, and Jay Gould has sold out stocks which he had bought in and could not deliver, and has been buying up gold. Orders have been sent in to-day from almost every quarter directing the sale of stocks, and outsiders appear panic stricker; there were

VARIOUS RUMORS REGARDING DANIEL DERW The fact that bankruptcy proceedings of Kenyon, Cox & Co., are directed against Mr. Drew's significant, and Mr. Drew's transactions are supposed to be at the bottom of the difficulty with Boyd & Vincent, as it has always been Commodore Vanderbilt's policy to hold up New York Central against the tide, no matter what the consequence to other stocks. The decline in Central from 88; to 824 to-day is taken as a sign of the Commodore's inability to bolster it up. The sudden decline in the whole list in which Western Union, failing from 57 1-3 to 49 1-2, and Lake Shore from 66 3-4 to 55 3-8, keep pace, cannot but be disastrous to many houses largely interested in these stocks. It is a street whisper that the fall in Lake Shore was partly engineered by the Vanderbilt party, with the intention of getting coatrol of the road, just as Harlem was gobbled some years ago, as the foad is cansidered necessary to the interests of the New York Central. Another division of the Vanderbilt party liquidated to-day on account of the withdrawal of facilities from banks and private money lenders. AND COMMODORE VANDERBILT.

LETTER FROM PRESIDENT GRANT ON Publication is made in the Evening Posito-day, of a letter from President Grant to N. A. Cawdry, of the Continental Bank dated October 6. The President says: "May whole object in the letter to Anthony and Classin was to restore confidence in the public mind, and to give assurances that the Government would give all the aid in its power keeping in view at the same time the solvency of the National Treasury, as money in the Treasury would be subject to use for the purpose of showing that means are a hand to give the relief we promise. I do no believe the present panie will work to individuals half the migray it will work to general good to the country at large. On the monetary system is a creation of necessity. It has no clasticity, but in other respect it is the bust that his eyer best devised. No one now distrusts the valve of his paper dellar. On the contrary, it is seize and hearded with the same widity now the gold dellar has been in former like adversion. The panie will call attention to the defects in our momentary system, and will necessity.

presiding.

The object of the meeting having been explained by the chairman, Captain John S. Wise offered the following, which was unanimously adopted:

Whereas, On the 9th of this instant the Democratical Control of the City Hall, and adopted. f-Atlants, met en masse at the City Hall, and adopte orationia, met en masse at the City Hall, and adopted resolutions of concession, intended to compromis and adjust all differences of opinion "for the sake of narmony"—the friends and advecates of the delegate system as well as those in favor of the primary or

allot system participating,
Whereas,The advocates of the delegate system did on
Sth inst., meet with closed doors and au nonnee a ticket, and on which ticke' there appears some name notoriously known to be snything but true Democrats and have put themselves before the people as "the Democratic ticket" for Mayor and Councilmen for he ensuing year; therefore be it.

Besolved by the Third Ward Democratic Club, That not believing the said advocates of the delegate system had any right or authority to dictate to the Democracy of Atla its who shall serve them as Mayor and Councilmen, all over the city, much less the wards, that we run S. THE SIMPLE REASON why Hand Sapolio is the best stricle in the world for the corstant use of all classes of people, is because it will do what no other substance will, as ollows:
Mechanics.—Will entirely remove tar, saint, oil and varnish from the clothing and sands.
Farmers.—Its use will prevent tan, sunburn,

chapped hands.

Working Women.—It will take the place of powders and cosmetics for beautifying the complexion, and will render the hands white and soft, no matter how much they are

used.

Everybody.—It is the best article in the world for removing all cutaneous blemishes from the skin, and rendering it white, beautiful, and natural in color. In price chesper than soap—only ten and fifteen cents a cake, according to size.

TROOPS OF AILMENTS VANQUISHED.—On account of the promptness with which it checks the fevers generated by unhealthy exhalations, Hostetter's Bitters is considered an indispensable family medicine on the borders of our Southern and Western rivers, and in new settlements where the plough and the are are for the first time disturbing the solitudes of nature. Its reputation, however, is not confined to such localities. Wherever the elements of disease are rife it is the surest that it is efficacious as a remedy—Among ails, it is efficacious as a vals, it is emeacous as a remedy. Among the serious diseases which it is gearanteed to control are indigestion, biliousness and all the minor ailments connected with derangements of the stomach, the liver and the bowments of the stomach, the liver and the bowels—such as heartburn, headache, flatulence,
costiveness, nausea, distaste for food, languor
and debility, palpitation of the heart, trembling of the hands, noises in the ears, disordered vision, disturbed sleep and mental
inquietude. As these physical and mental
disturbances tend to a general failure of ell
the powers of the system they should be at
once corrected, as they always may be, by a
course of Hostetter's Stomach Bitters.

ENS THE SYSTEM.

Dr. Thius rius are composed of many ingredients. Prominent smong them are Sarsaparilla and Wild (herry, so united as to act together; the one, through its admixture with other substances, purifying and purging; while the other is strength, ening the system. Thus these Pills are at the same time a tonic and a cathartic, a desideratum long sought for by medical men, but never before discovered. In other words, they do the work of two medicines and do it much better than any two we know of, for they remove nothing from the system but impurities, so that while they purge they also strengthen and hence they cause no debility and are followed by no reactiou.

Dr. Tutt's Pills have a wonderful influence on the blood. They not only purify without weaks ningit; but they remove all noxions particles from the chyle before it is converted into fluid, and thus makes impure blood an uter imposioility. As there is no debilitation, so there is no nasuses or suckness attending the operation of this most excellent medicine, which never strains or tortures the digestive organs, but causes them to work in a perfectly natural manner; hence persons taking them do not become pale and emaciated, but on the contrary, while all impurities are being removed, the combined action of the Sarsaparills and Wild Cherry purifies and invigorates the body, and a robust state of health is the result of their united action. Price 25 cents as box Sold by all druggists. Depot 43 Courtland street, New York.
